<sup>1</sup> Batch Approval:

---

A Batch Compliance - Products made to the same formulation and by the same manufacturing method as those supplied have been tested and found to comply with the appropriate requirements. Copies of the original test reports or authorisation are available on request.

B Batch Certification - Certificates are issued on the basis of the results of tests on the batch of product actually supplied. It is necessary to request such certification at the time of ordering.

<sup>2</sup> For further information on tests performed to automotive standards please refer to TIS 14 or contact our technical support team.

<sup>3</sup> For further information on flammability testing and burning behaviour of our materials please refer to TIS 11 and TIS 12

<sup>4</sup> Not all colours have been tested. For further details please refer to TIS 25 or contact our technical support team.

<sup>5</sup> Only white, black and grey foam.

<sup>6</sup> Only certain colours. Please contact the technical support team for further information.
